Cross-border Jurisdiction and Judgments after the EU Withdrawal Transition

A Case Study Webinar with Prof. Jonathan Harris QC (Hon.)

DATE 12th October 2021

TIME 12.30pm - 13.45pm

A Zoom Webinar

Session Overview

For more than 30 years, English jurisdiction clauses and the enforcement of English judgments in the EU were regulated by EU legislation. Since the end of the Transition Period, this regime has ceased to apply. This has important implications for litigation in England; for English jurisdiction clauses; and for the enforcement of judgments.

Using a series of practical examples, this webinar considers the implications for the effectiveness of English jurisdiction clauses, the commencement of proceedings in English courts, the practical differences made by the application of common law principles to EU domiciled parties and the enforcement of English judgments in the EU.
