George Vare has a thriving practice spanning the full breadth of work undertaken in Chambers. George has particular experience in contentious trusts litigation, probate disputes, claims under the Inheritance (Provision for Family and Dependants) Act 1975, company and shareholder disputes, and civil fraud work.

George has built a strong unled practice. He regularly advises and acts for his clients as sole counsel in both the High Court and County Court. George equally enjoys working as part of a larger counsel team, and is or has been junior counsel in a number of heavy and valuable cases. He has experience acting with lawyers working across multiple jurisdictions.

George has acted for an array of clients, from HNW individuals, directors, and beneficiaries to professional trustees, and companies. George advises and represents his clients at every stage of litigation, advancing their case vigorously from initial pleadings through to trial and enforcement. He also relishes the challenge of helping his clients achieve a consensual resolution of their differences with the opposing parties, and is a great believer in mediation. Many of George's cases involve delicate family dynamics, or other sensitive issues, which George is adept at navigating.

George read History at the University of Cambridge, graduating with a first-class degree whilst receiving several awards and scholarships. He undertook the GDL at City Law School where he was awarded a Distinction (ranking fifth in his year), before completing the BPTC in 2020 (graded Outstanding) having been awarded a Major Scholarship and Duke of Edinburgh Entrance Award by Inner Temple.
